

## **Antelope Hills COVID-19 FAQs**

We have implemented some very important changes designed to limit contact, transactions, and touch points to ensure everyone's safety.

**Social distancing** is practiced in all areas of our facility and should be practiced on the golf course as well. Do not share clubs and golf equipment with your playing partners or congregate with them in the parking lot before or after your round.

**Stay home if sick.** Please check your temperature before leaving your house and stay home if you are sick.

**Carts.** We are allowing single rider carts (members of the same household may share a cart). Carts undergo additional sanitation after use.

**Range balls.** The driving range and putting green remain open, please keep 6 feet of space from anyone. You may come into the Golf Shop or call ahead to purchase your range buckets. Please leave the bucket on the range when finished so that the Range Attendant can collect and sanitize.

**Clubhouse.** The clubhouse is limited to 6 guests inside at a time. You may purchase food, drinks, and merchandise from the clubhouse while maintaining the limitation of 6 guests at a time.

**Food and Drinks.** Takeout food and sealed non-alcoholic beverages will be available from the Manzanita Grill. Alcohol will be available for purchase from the golf course.

**Touchpoints.** The course has been set up to limit touch points by removing scorecards, bunker rakes, sand bottles, water coolers, ball washers, etc. The cups have been set up to stop the balls from going entirely into the hole for touchless retrieval.

**Restrooms.** These are open; please respect and maintain social distancing standards.

**Golf Shop.** Merchandise is available for purchase.
